

## **Cabinet Maker**

We are looking for someone with experience of all aspects of cabinet making - from machining to hand bench work. Ideally you will have experience working with wood, MDF and possibly solid surface materials (Corian etc).

The successful applicant will be working from our 3D-CAD drawings, with a good eye for detail and capable of producing the highest standard of work, as part of our existing team.

This is a full time position, working 40 hours per week.

Salary: £10-£15 per hour, dependent on experience

20 days holiday + Bank Holidays
